

Rockwell Parts

Rockwell Parts - AxleTech International is a premier supplier in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working within an environment which encourages the utmost integrity with empowered collaboration, together with a relentless pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of environmental stewardship and safety in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, since they are happy to share and promote this policy with a greater knowledge of their efforts. They are very dedicated to improving and preserving the natural environment. AxleTech has an EHS program which not just protects the natural world but which likewise actively protects their neighbors and staff as well.

AxleTech specializes in the manufacture and designing of planetary axles meant for both commercial and military applications, that can consist of anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech specifically designs axles to meet certain application demands. They have over one thousand different axle specs in their present offering. With over one hundred years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in many military and commercial applications. They offer complete axle assemblies for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product selection.
