

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every global trade. Transporting industrial goods occurs every day on our hectic planet. First innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread internationally.

Initially founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
